INDEX TO VOLUME 40

The volume is indexed by SUBJECTS, AUTHORS, BOOK REVIEWS, and AUDIO-VISUAL REVIEWS in that order. A complete table of contents follows the index.

SUBJECTS

Adolescence

Adolescent suicidal behavior, 87

Adolescents as mothers: results of a program for low income pregnant teen-agers with some emphasis upon infants' development, 825

Five- to ten-year followup of hospitalized school phobic children and adolescents, 672

Parent-youth conflict at home: an investigation among university freshman, 658

Aggression

Biology and human aggresison, 568

American Orthopsychiatric Association

AOA's president for 1970–1971, Benjamin Pasamanick, 368

Business meeting, 887

Study group report: the feasibility of a model statute licensing the practice of psychotherapy, 558

Autism

Milieu therapy in Brazil: introduction, 119

1. Milieu therapy for child psychosis, 121

2. The club as an integrative factor in a therapeutic community for children, 130

Schooling of autistic children: preliminary findings, 665

Behavioral Therapy

Behavioral approaches to family and couple therapy, 106

Innovative public school programing for emotionally disturbed children, 694

Bias in Testing & Theory

Research and the black backlash, 8

Biological Factors

Biology and human aggression, 568

Black Identity, Black Studies, etc.

Black studies, black identity formation and some implications for community psychiatry, 751

Classroom discussion of racial identity, or how can we make it without "acting white"?, 135

Parental potency and the achievements of inner-city black children, 433

Racial factors in the countertransference: the black therapist and the black client, 39

Research and the black backlash, 8

Self-perception of black children and the civil rights movement, 520

Systems approach to the delivery of mental health services in black ghettos, 702

Brain Damage

Motor activity in brain-injured children, 783

Children

Children in poor families: myths and realities, 375

Children with learning disabilities: conditioning, differentiation and the effect of distraction, 766

Cognitive growth in preschoolers through verbal interaction with mothers, 426

Decision-making as to type of treatment in a child psychiatry clinic, 795

Effect of general anesthesia, surgery and hospitalization upon the behavior of children, 806

Effects of four programs of classroom intervention on the intellectual and language development of 4-year-old disadvantaged children, 58

Effects of impulsivity on the performance of lower-class children on four WISC tests, 629

Five- to ten-year followup of hospitalized school phobic children and adolescents, 672

Followup of institutionalized infants' concept formation ability at age 12, 441

Function of fantasy in the borderline child, 756

Hippie communal movement: effects on child birth and development, 527

Infant day care and attachment, 397

Innovative public school programing for emotionally disturbed children, 694

Methylphenidate and thioridazine: learning, reaction time, activity, and classroom behavior in disturbed children, 615

Milieu therapy in Brazil: introduction, 119

1. Milieu therapy for child psychosis, 121

2. The club as an integrative factor in a therapeutic community for children, 130

Innovative public school programing for emotionally disturbed children, 694

Methylphenidate and thioridazine: learning, reaction time, activity, and classroom behavior in disturbed children, 615

Milieu therapy in Brazil: introduction, 119

1. Milieu therapy for child psychosis, 121

2. The club as an integrative factor in a therapeutic community for children, 130

Motor activity in brain-injured children, 783
Noncategorical approach to treatment programs for children and youth, 684
Parental potency and the achievements of inner-city black children, 433
Parents' values, family networks, and family development: working with disadvantaged families, 413
Schooling of autistic children: preliminary findings, 665
Self-perception of black children and the civil rights movement, 520
Use of music to reduce hyperactivity in children, 677

Clinic Operation

Adolescents as mothers: results of a program for low income pregnant teen-agers with some emphasis upon infants' development, 825
Decision-making as to type of treatment in a child psychiatry clinic, 795
Effecting interdisciplinary coordination in clinical services to the mentally retarded: the social work perspective, 835
Milieu therapy in Brazil: introduction, 119
1. Milieu therapy for child psychosis, 121
2. The club as an integrative factor in a therapeutic community for children, 130
Schooling of autistic children: preliminary findings, 665
Standard operating procedures and institutionalization on the psychiatric unit, 744
Unique aspects of a union population's influence on service delivery, 151

Communal Living

Hippie communal movement: effects on child birth and development, 527

Community Mental Health

Attitudes toward mental illness and the use of caretakers in a black community, 710
Black studies, black identity formation and some implications for community psychiatry, 751
Community control: myth or reality?, 740
Community psychiatry and ethics, 22
Dilemmas in evaluation: implications for administrators of social action programs, 850
Effecting interdisciplinary coordination in clinical services to the mentally retarded: the social work perspective, 835
Referral patterns and perceived needs in mental health in three suburban communities, 841
Social action and the mental health professional, 373
Supply-demand dilemma in community mental health centers, 858
Systems approach to the delivery of mental health services in black ghettos, 702
Unique aspects of a union population's influence on service delivery, 151

Conceptual Development

Followup of institutionalized infants' concept formation ability at age 12, 441

Crisis Theory

Geographical flight and its relation to crisis theory, 53

Day Care Centers

Infant day care and attachment, 397

Demonstrations

Silent vigil: a student nonviolent demonstration, 481

Disadvantaged Children

Characteristics of jobs held by economically disadvantaged youth, 97
Children in poor families: myths and realities, 375
Cognitive growth in preschoolers through verbal interaction with mothers, 426
Cultural deprivation: operational definition in terms of language development, 77
Effects of four programs of classroom intervention on the intellectual and language development of 4-year-old disadvantaged children, 58
Parental potency and the achievements of inner-city black children, 433
Parents' values, family networks, and family development: working with disadvantaged families, 413

Drugs

Drug abuse in a young psychiatric population, 448
Hippie communal movement: effects on child birth and development, 527
Innovative public school programing for emotionally disturbed children, 694
Methylphenidate and thioridazine: learning, reaction time, activity, and classroom behavior in disturbed children, 615

Education

Can we learn to govern?—establishing schools of choice, 606
Classroom discussion of racial identity, or how can we make it without "acting white"?, 135
Cultural deprivation: operational definition in terms of language development, 77
Economic context of the student role, 47

Educating teachers and children in law—an approach to improved communication and reduced alienation in inner-city schools, 870
Effects of four programs of classroom intervention on the intellectual and language development of 4-year-old disadvantaged children, 58
Five- to ten-year followup of hospitalized school phobic children and adolescents, 672
Innovative public school programing for emotionally disturbed children, 694
Methylphenidate and thioridazine: learning, reaction time, activity, and classroom behavior in disturbed children, 615
Parental potency and the achievements of inner-city black children, 433
Program for the encouragement, motivation, and education of the high school dropout, 512
Schooling of autistic children: preliminary findings, 665
Use of music to reduce hyperactivity in children, 677

Ethical Concerns

American international medical immorality, 11
Community psychiatry and ethics, 22
Delinquent and the insane: right and adequacy of treatment, 388
Student activism, moral development, and morality, 577

Family Therapy

Behavioral approaches to family and couple therapy, 106
Parents' values, family networks, and family development: working with disadvantaged families, 413
Unique aspects of a union population's influence on service delivery, 151

Fantasy

Function of fantasy in the borderline child, 756

Geographic Mobility

Geographical flight and its relation to crisis theory, 53

Government Influence

Chilling hand of "clearance," 4
Congress and the social sciences, 14

Group Therapy

From confrontation to collaboration, 473
Classroom discussion of racial identity, or how can we make it without "acting white"?, 135
Innovative public school programing for emotionally disturbed children, 694
Milieu therapy in Brazil: introduction, 119
1. Milieu therapy for child psychosis, 121
2. The club as an integrative factor in a therapeutic community for children, 130

History

What is the history of psychiatry?, 593

Infant Development

Adolescents as mothers: results of a program for low income pregnant teen-agers with some emphasis upon infants' development, 825
Hippie communal movement: effects on child birth and development, 527
Infant day care and attachment, 397

Intelligence Tests

Effects of impulsivity on the performance of lower-class children on four WISC tests, 629

International Reports

American international medical immorality, 11
Milieu therapy in Brazil: introduction, 119
1. Milieu therapy for child psychosis, 121
2. The club as an integrative factor in a therapeutic community for children, 130

Job Training and Fitness

Characteristics of jobs held by economically disadvantaged youth, 97
Not as a patient: psychological development in a job training program, 142

Language Development

Cognitive growth in preschoolers through verbal interaction with mothers, 426
Cultural deprivation: operational definition in terms of language development, 77
Effects of four programs of classroom intervention on the intellectual and language development of 4-year-old disadvantaged children, 58
Schooling of autistic children: preliminary findings, 665

Law and Legislation

Congress and the social sciences, 14
Educating teachers and children in law—an approach to improved communication and reduced alienation in inner-city schools, 870
Feasibility of a model statute licensing the practice of psychotherapy, 558

Legal Insanity
Delinquent and the insane: right and adequacy of treatment, 388

Loyalty Checks
Chilling hand of "clearance," 4

Maternity
Adolescents as mothers: results of a program for low income pregnant teen-agers with some emphasis upon infants' development, 825
Hippie communal movement: effects on child birth and development, 527
Infant day care and attachment, 397

Mental Health Nonprofessionals
Attitudes toward mental illness and the use of caretakers in a black community, 710
Community control: myth or reality?, 740
Pastoral educators prepare to lead youth: the new sexuality, 493
Referral patterns and perceived needs in mental health in three suburban communities, 841

Mental Health Professionals
Feasibility of a model statute licensing the practice of psychotherapy, 558
Follow the yellow brick road, 562
Social action and the mental health professional, 373

Mental Health System
Attitudes toward mental illness and the use of caretakers in a black community, 710
Decision-making as to type of treatment in a child psychiatry clinic, 795
Delinquent and the insane: right and adequacy of treatment, 388
Standard operating procedures and institutionalization on the psychiatric unit, 744
Systems approach to the delivery of mental health services in black ghettos, 702

Music Therapy
Use of music to reduce hyperactivity in children, 677

Parent-Child Interaction
Children in poor families: myths and realities, 375
Cognitive growth in preschoolers through verbal interaction with mothers, 426
Infant day care and attachment, 397
Parental potency and the achievements of inner-city black children, 433
Parents' values, family networks, and family development: working with disadvantaged families, 413
Parent-youth conflict at home: an investigation among university freshman, 658

Perceptual Training
Perceptual training: misdirections and redirections, 30

Phobias
Five- to ten-year followup of hospitalized school phobic children and adolescents, 672

Psychiatric Research and Theory
Adolescent suicidal behavior, 87
Children with learning disabilities: conditioning, differentiation and the effect of distraction, 766
Community psychiatry and ethics, 22
Delinquent and the insane: right and adequacy of treatment, 388
Drug abuse in a young psychiatric population, 448
Five- to ten-year followup of hospitalized school phobic children and adolescents, 672
Methylphenidate and thioridazine: learning, reaction time, activity, and classroom behavior in disturbed children, 615
Population and sample: a major problem in psychiatric research, 456
School adjustment and behavior of children hospitalized for schizophrenia as adults, 637
What is the history of psychiatry?, 593

Psychological Research
Changes in personal-social distance of teachers of Indian children, 681
Effect of general anesthesia, surgery and hospitalization upon the behavior of children, 806
Effects of impulsivity on the performance of lower-class children on four WISC tests, 629
Followup of institutionalized infants' concept formation ability at age 12, 441
Infant day care and attachment, 397
Parent-youth conflict at home: an investigation among university freshman, 658
Perceptual training: misdirections and redirections, 30
Research and the black backlash, 8

Psychotherapy
Behavioral approaches to family and couple therapy, 106
Milieu therapy in Brazil: introduction, 119
1. Milieu therapy for child psychosis, 121

2. The club as an integrative factor in a therapeutic community for children, 130
Racial factors in the countertransference: the black therapist and the black client, 39

Racial Factors

Black studies, black identity formation and some implications for community psychiatry, 751
Classroom discussion of racial identity, or how can we make it without "acting white"?, 135
Racial factors in the countertransference: the black therapist and the black client, 39
Research and the black backlash, 8

Rape

Patterns of response among victims of rape, 503

Referral Patterns

Referral patterns and perceived needs in mental health in three suburban communities, 841

Schizophrenia

Milieu therapy in Brazil: introduction, 119
1. Milieu therapy for child psychosis, 121
2. The club as an integrative factor in a therapeutic community for children, 130
School adjustment and behavior of children hospitalized for schizophrenia as adults, 637

Sex

Pastoral educators prepare to lead youth: the new sexuality, 493

Social and Economic Issues

Can we learn to govern?—establishing schools of choice, 606
Characteristics of jobs held by economically disadvantaged youth, 97
Conformity, rebellion, and learning: confrontation of youth and society, 463
Chilling hand of "clearance," 4
Community control: myth or reality?, 740
Congress and the social sciences, 14
Economic context of the student role, 47
Follow the yellow brick road, 562
From confrontation to collaboration, 473
Social action and the mental health professional, 373
Xenophobes or cosmopolites?, 560

Sociocultural

American international medical immorality, 11
Attitudes toward mental illness and the use of caretakers in a black community, 710
Changes in personal-social distance of teachers of Indian children, 681
Characteristics of jobs held by economically disadvantaged youth, 97
Cultural deprivation: operational definition in terms of language development, 77
Effects of four programs of classroom intervention on the intellectual and language development of 4-year-old disadvantaged children, 58
Systems approach to the delivery of mental health services in black ghettos, 702

Suicide

Adolescent suicidal behavior, 87

Supportive Intervention

Patterns of response among victims of rape, 503

Teachers

Changes in personal-social distance of teachers of Indian children, 681
Educating teachers and children in law—an approach to improved communication and reduced alienation in inner-city schools, 870
From confrontation to collaboration, 473
Innovative public school programing for emotionally disturbed children, 694
Pastoral educators prepare to lead youth: the new sexuality, 493

Therapeutic Community

Milieu therapy in Brazil: introduction, 119
1. Milieu therapy for child psychosis, 121
2. The club as an integrative factor in a therapeutic community for children, 130

Youth/Students

Characteristics of jobs held by economically disadvantaged youth, 97
Conformity, rebellion, and learning: confrontation of youth and society, 463
Drug abuse in a young psychiatric population, 448
Economic context of the student role, 47
From confrontation to collaboration, 473
Hippie communal movement: effects on child birth and development, 527
Parent-youth conflict at home: an investigation among university freshmen, 658
Pastoral educators prepare to lead youth: the new sexuality, 493
Program for the encouragement, motivation, and education of the high school dropout, 512
Silent vigil: a student nonviolent demonstration, 481
Student activism, moral development, and morality, 577
